Dear Athlete,

You are entered in an FEI Event taking place this week.

In accordance with the [FEI Veterinary Regulations](#) and the [Horse Health Requirements](#), it is mandatory to use the [FEI HorseApp](#) to:

1. Enter the temperature of each horse twice daily for the **three** days prior to the day of arrival at an FEI Event
 - For clarification, the 3 days prior to your arrival at the Event are calculated as per this example: If you plan to arrive at the Event on the Thursday, you will have to enter the temperatures for the three preceding days, which are Monday, Tuesday and Wednesday.
 - To avoid violating the Horse Health Requirements, temperatures should be entered on a regular/daily basis

2. Fill in a Horse Health FEI Self-Certification Form for all Horses attending the FEI Event
 - *This should not be done earlier than 24 hours prior to your arrival at the Event*

3. Take the temperature of each horse twice a day at the Event using your own thermometer and record the measurements directly in the FEI HorseApp

Sanctions for non-compliance with the Horse Health Requirements are in force for all FEI Events in Mainland Europe, these will be rolled out worldwide in due course.

- Sanctions include warnings, fines and suspension from competition
- Sanctions cannot be appealed so please make sure you use the FEI HorseApp on a daily basis
- Information on the FEI HorseApp can be found [here](#)

Please remember to bring your own thermometer to the Event and make sure it is readily available on arrival as you will have to take the temperature of each horse after unloading them.

Please also make sure to be accompanied by a second person when presenting your horse for temperature taking, in order to have one person handle the horse and the second person to take the rectal temperature. It is not the responsibility of FEI Veterinarians or FEI Officials to handle your horse when the temperature is being taken.

We thank you for your cooperation and remain at your disposal for any questions:
usersupport@fei.org

Kind regards,

IT Department
