III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The **Long version** of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

The draw for the starting order for individuals and teams will be conducted in accordance with the procedure set forth in JRs Art. 252. The Chefs d'Equipe of the teams with only three Athletes may choose in which of the three places out of four they will start their Athletes.

Penalties: The Score obtained by each Athlete in the first Competition will be converted into Penalties according to the following method. Each Athlete's time will be multiplied by the coefficient 0.50 and converted into points; the points must be rounded to two decimal places. The second decimal place will be rounded up from .005 and rounded down from .004. The Athlete with the lowest number of points after this conversion will be given zero Penalties, the other Athletes being credited with the number of Penalties representing the difference in points between each of them and the leading Athlete. If an Athlete is eliminated or retires, they will be penalised with 20 Penalties more than the Athlete who has been the most severely penalised after the times of all Athletes who completed the Competition have been converted into Penalties.

Obstacles: 12 to 14 obstacles, including one double and one treble or three doubles. Height 1.25 m maximum with a spread in proportion not exceeding 1.35 m (1.70 m for the triple bar). At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles). At least six other obstacles of at least 1.25 m in height. No water jump.

Length: 500 m minimum, 700 m maximum.

After Consultation with the Course Designer, the Ground Jury may decide to move the obstacles sideways following the first round depending on the condition of the footing. The course must be re-measured if there is a change in the length. If the position of any of the obstacles is altered, the Athletes will be permitted to inspect the course before the second round.

Participation: Only the Athletes and Horses, which have taken part in the first Competition, may take part in the second Competition.

3.1. Individuals

3.1.1. The 50 Athletes (such number to be increased if there is equality for the 50th place) having the best Score deriving from the addition of the Scores obtained in the first individual qualifying Competition and Round one of Team Final (second individual qualification Competition) are allowed to participate in the third individual qualification Competition which is Round two of the Team Final.

3.1.2. If the Athletes qualified as above under 3.1.1 are not members of a team which has been qualified to participate in Round two of the Team Final, said Athletes will compete prior to Round two of the Team Final. There will be at least 30 minutes interval between this round and Round two of the Team Final.

3.2. Teams

3.2.1. Round two of the Team Final takes place after the third qualifying Competition for individuals. It is open only to the 10 best placed teams and those teams equal on Penalties for 10th place after Round one of the Team Competition.

3.2.2. All teams allowed to compete in Round two of the Team Final carry their Penalties forward from the first individual qualifying Competition and Round one of the Team Final.

Score obtained in Round two by members of teams who are not among the Athletes eligible to compete in the third individual qualifying Competition as mentioned under 3.1.1 above, count only for the classification of their respective teams.

Starting order: The starting order in this second Competition will be determined by a new draw in accordance with the same procedure as provided for the first Competition.

4.1. Individuals

4.1.1. The starting order of the individuals qualified to compete as mentioned hereinabove under section 3.1.1 is set according to the reverse order of the aggregate Penalties incurred in the first and the second individual qualifying Competitions. In case of Athletes with equality of Penalties, the Score of the first Competition will decide their starting order.

4.2. Teams

4.2.1. The starting order of the teams qualified to compete in Round two of the team Competition is set according to the reverse order of total Penalties of the best three Athletes per team incurred in the first individual qualifying Competition and of the best three Athletes per team in the Round one of the team Competition. Teams with equality of the Penalties retain the starting order of Round one.

4.2.2. Scores of individuals who are members of any team eligible to participate in round two as provided herein above will count for the classification of their team in the Team Final but also as their personal result in the third qualifying Competition if they are among the Athletes mentioned in paragraph 3.1.1 above.

Team Placing:

Teams which participate in the second round of the second Competition receive their placing by adding the Penalties incurred by the best three Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each and declared Continental team champion.

In the event of equality of Penalties between teams for first, second and/or third place in the overall team classification, there will be a jump-off against the clock in which all team Athletes may take part, over six obstacles, which may be increased in height and/or spread at a speed of 350 m per minute.

The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the

winning team as well as those placed second or third. The Score of this jump-off is only to determine the placing of the teams and will not count towards the final Scores of the individual Athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place.

If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not taking part in the second round of the second Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the team Competition.

Obstacles:

2.1. Round A: 10 to 12 obstacles, including one double and one treble or three doubles. Height: 1.25 m maximum with a spread in proportion, not exceeding 1.35 m (1.70 m for the triple bar). At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles). No water jump. Length: 500 m minimum, 600 m maximum.

2.2. Round B: A different course from Round A comprising eight to ten obstacles including only one combination (one double or one treble). Height 1.30 m maximum with a spread in proportion not exceeding 1.35 m (1.70 m for the triple bar). At least two vertical obstacles, which must be 1.30 m in height (sloping walls do not count as compulsory vertical obstacles). A water jump may not be included, but an obstacle with water beneath, in front or behind (a so-called "Liverpool") may be included in the course. Length: 400 m minimum, 500 m maximum.

Inspection of Course B: Athletes will be invited to inspect the course for round B at the conclusion of Round A.

Participation:

This third Competition is compulsory for the 25 best placed Athletes and Horses (including those with equality of Penalties for 25th place) according to the cumulative Penalties over the first and second Competitions or according to the cumulative Penalties over the first Competition and first round of the second Competition as well as the round replacing the second round of the team Competition for individuals and members of teams not qualified for the second round of the team Competition.

Athletes must have taken part in the first Competition (completed or not) and have completed the second Competition (without having been eliminated or having retired) or have taken part in the first Competition (completed or not) and have completed the first round of the second Competition as well as the round replacing the second round of the team Competition for individuals and members of teams not qualified for the second round of the team Competition (without having been eliminated or having retired).

If for any reason one or more of these 25 best placed Athletes are unable to start, they will be replaced by Athletes from the reserve list of five Athletes.

Starting order:

5.1. The starting order for round A will follow the reverse order of Penalties incurred in the first and second Competitions. For those individuals and members of teams not qualified for the second round of the team Competition the starting order will follow the reverse order of Penalties incurred in the first Competition and the first round of the second Competition as well as the round replacing the second round of the team Competition. In the event of equality of Penalties, the Score of the first Competition will decide the starting order. The 25th qualifier will, therefore, start as number one.

5.2. The starting order for round B will follow the reverse order of total Penalties incurred in round A of the final Competition, as well as in the first and second Competitions. For those individuals and members of teams not qualified for the second round of the team Competition the starting order will follow the reverse order of total Penalties incurred in round A of the final Competition, the first Competition and the first round of the second Competition, as well as the round replacing the second round of the team Competition. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equality of Penalties, the Score of the first Competition will decide their starting order.

Individual Placing:

The individual placing is determined by adding together for each Athlete the Penalties incurred in the first Competition, as well as the two rounds of the second Competition (disregarding the Penalties incurred in the jump-off if there is one) and the two rounds A and B of the third Competition. For those individuals and members of teams not qualified for the second round of the Team Final their Score in the second round qualifier counts instead of the second round of the Team Final. The Athlete with the least Penalties will be placed first and declared the Continental champion.

In the event of equality for one of the first three places after round B of the third Competition, there will be a jump-off against the clock at a speed of 350 m per minute over eight obstacles from the courses of rounds A and B. The Athletes will be invited to inspect the jump-off course.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first place and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, Athletes concerned will be placed equal.

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re- place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the

Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated

The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

- The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;
- The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the World Cup™ Competition.

For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements indicated for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
